

Frankie Morello ph P. Lanzi per
Imore

Ecco gli ingredienti per una sfilata/performance nella moda di
Frankie Morello:

8 danzatori, 20 modelle, 1 parete.

E così si dà il via a uno spettacolo che vede unirsi moda, teatro,
ballo e donne.

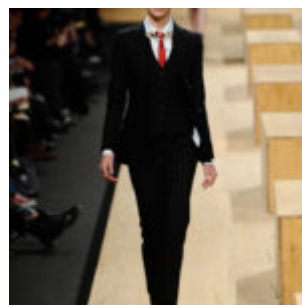

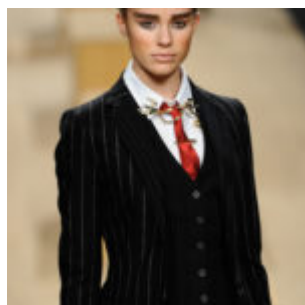

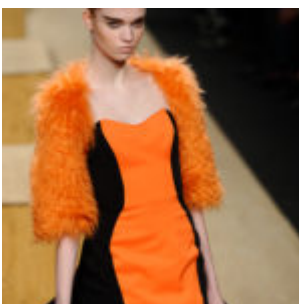

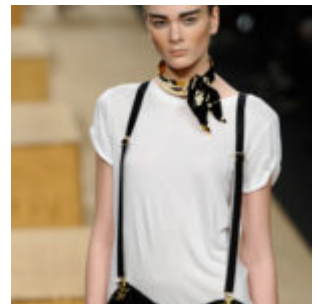

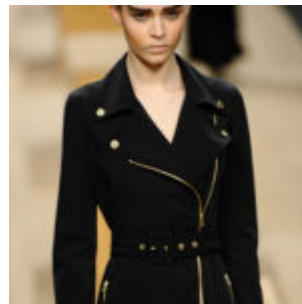

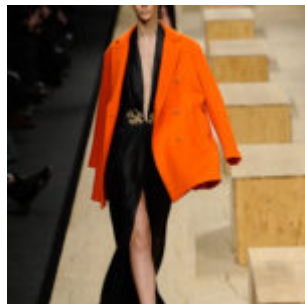

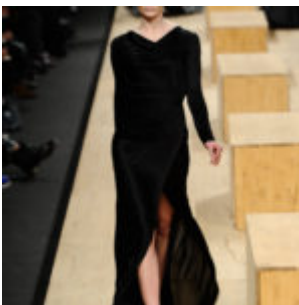

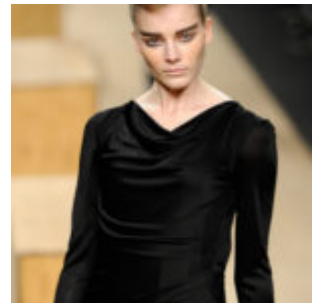

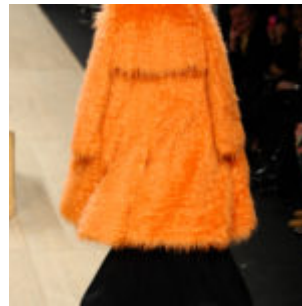

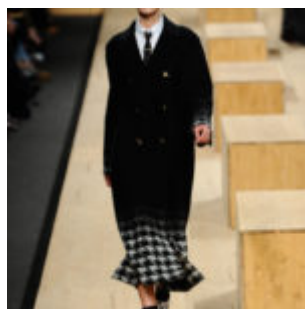

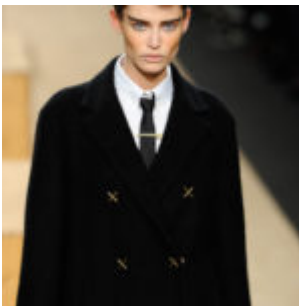

*“Per noi rappresentano il momento massimo dell’eleganza,
assolutamente irripetibile e irraggiungibile”*, dichiarano al
termine della sfilata al Corriere della Sera, Maurizio Modica e
Pierfrancesco Gigliotti, stilisti di Frankie Morello. I due hanno
puntato ad una donna degli anni 50 scherzando sui dettagli dei
parrucchieri (bigodini, mollette e retine) che in quei anni
dettavano tendenza. Dettagli che si ritrovano negli abiti sotto
forma di ricami e impreziosimenti di tessuti.

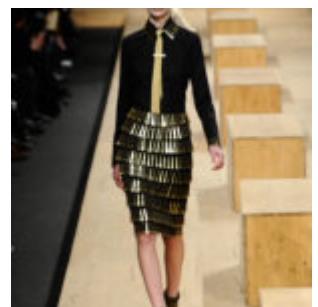

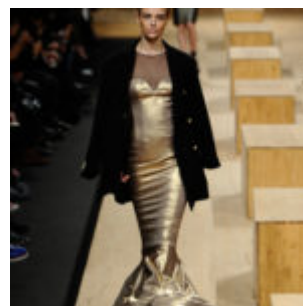

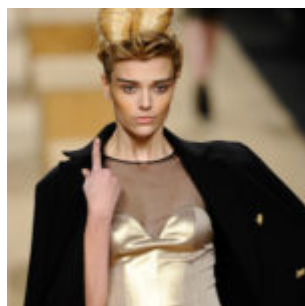

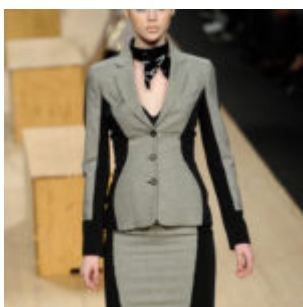

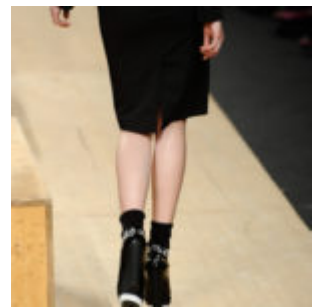

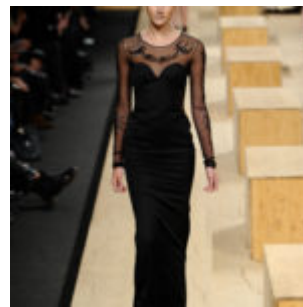

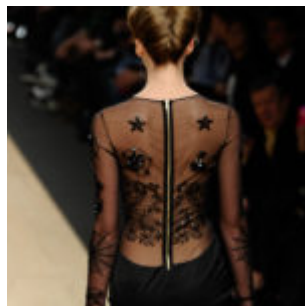

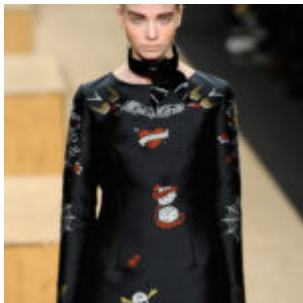

Si sono alternati abiti da sera e strascichi, gonne a ruota e pellicce. Un eclettismo che si
denota nelle differenti uscite. Abiti neri rigidi che si aprono a coda in linee decise
utilizzando zip, per renderlo contemporaneo e seducente. I cappotti maschili sono portati
alla militare e abbinati a gonne spiritose ed eccentriche in lana. Queste linee si alternano a
capi tipici del divertito guardaroba alla Pin Up: coloratissime gonne a ruota in materiale
tecnico rosso aperte a palloncino.

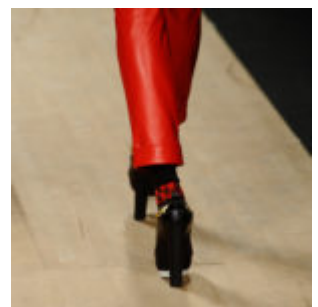

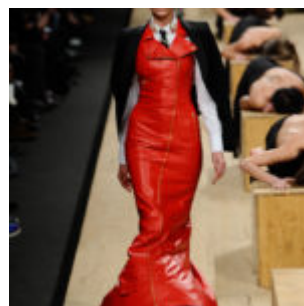

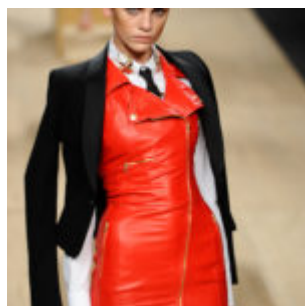

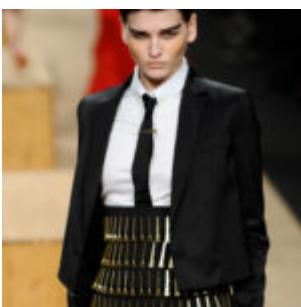

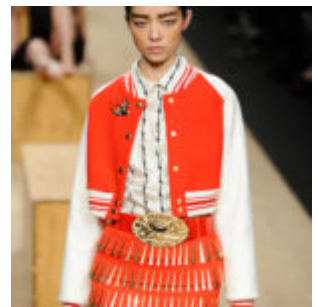

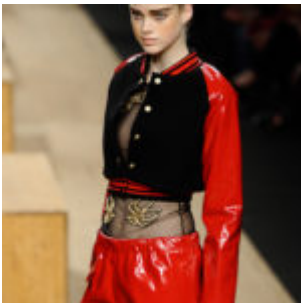

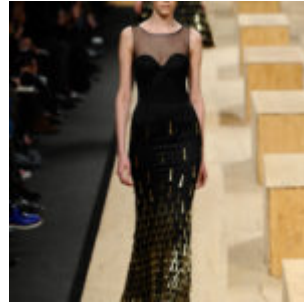

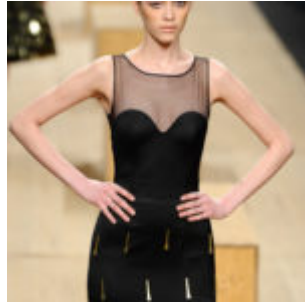

Sfilata solare, ironica ma di grande gusto nel mettere in scena uno spettacolo che coinvolga
il pubblico e le modelle, le quali vengono sdrammatizzate tra le pieghe di pelliccia colorata,
un must alla ribalta su queste passerelle della moda milanese.

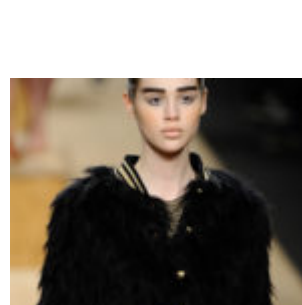

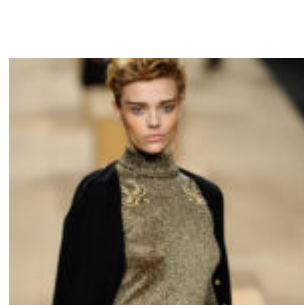

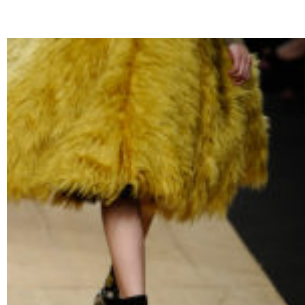

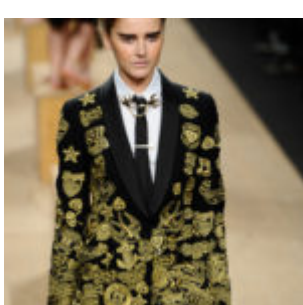

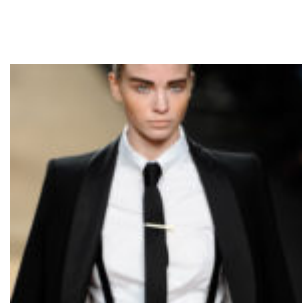

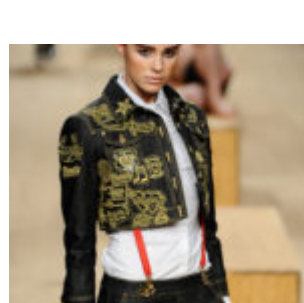

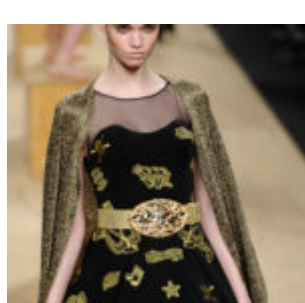

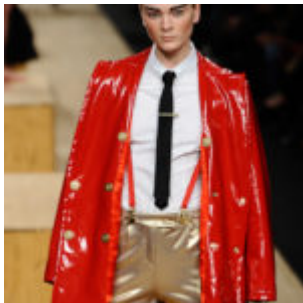

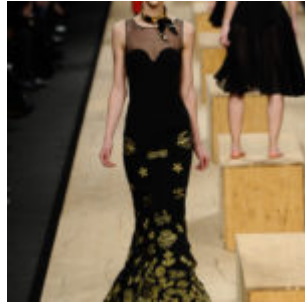

Così deve essere per Frankie Morrello: una donna grintosa, che fa divertire con charm; una lezione di gusto raffinato ma accentuato da stravaganze puntuali (vedi scarpe in pelliccia portate come copricapo).

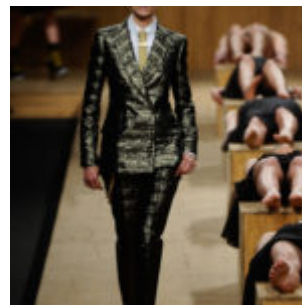

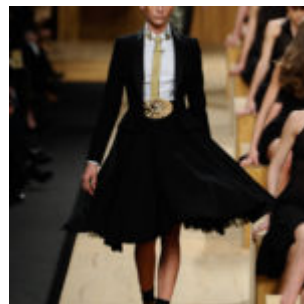

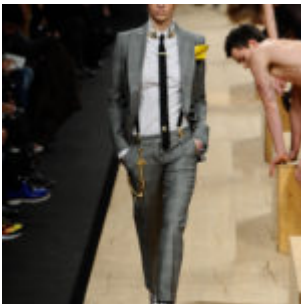

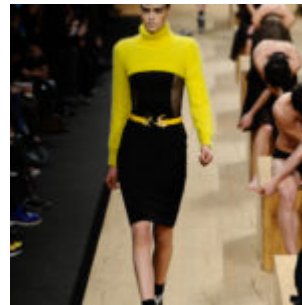

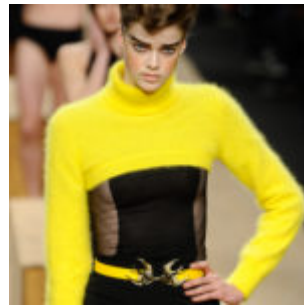

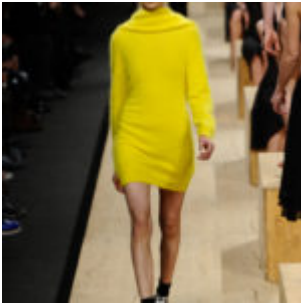

Un 10 lo meritano, per la gioia regalata alla passerella!
